

Need help with out-of-network medical bills? Naviguard can help.

You're not alone when facing unexpected medical costs. Naviguard's team of health care billing experts understand how billing works across the health care system and work with you to help you reach a fair resolution to out-of-network bills.

How does Naviguard work?

1. When you receive an out-of-network bill, contact UnitedHealthcare member services at **1-833-593-4153** to be connected with a Naviguard advisor.
2. Your dedicated advisor will discuss your options, create a plan of action and reach out to the out-of-network provider on your behalf.
3. If Naviguard reaches a solution with the out-of-network provider, your advisor will contact you with the outcome and your final responsibility. If your bill was adjusted, you'll receive a new Explanation of Benefits (EOB).

Naviguard is available at no additional cost to you as part of Diageo's benefits. Contact UnitedHealthcare Member Services at **1-833-593-4153** or visit naviguard.com/uhc for more details.
